Educational Quality Assurance

1

BUC is following the standards of Educational quality in higher education issued by the National Authority of Quality Assurance and Accreditation (NAQAAE) in Egypt.

2

BUC was enrolled effectively in the process of achieving the graduate's attributes and improvement of their skills in various disciplines in terms of fulfilling the National Academic Reference Standards (NARS).

3

The quality Assurance center is coordinating with quality assurance unit in each faculty, Program(s) and courses specifications are created to ensure alignment between intended learning outcomes of the courses and those of the program and to ensure the matching between ILOs of the program and NARS.

Educational Quality Assurance

4

At the end of each semester, reviewing of achievements of courses taught, analysis of students grades in final exams was also done for the purpose of continuous improvement of the courses and hence the program. Via learning management system (LMS),

5

Each faculty offers a variety of courses in the form of presentations, recordings as well as live sessions for proper student engagement and effective participation in learning strategy of the program and to encourage self-learning policy.

Non-traditional teaching methods include, hybrid learning, problem-based learning and distance learning.

6

Faculty's instructors either staff or co-staff revise, update and monitor the improvement plan of each related course(s) either annually or at the end of each semester. Also, they revise and analyze the student`s engagement to the course(s) and report this analysis in the departmental meetings.
