 <p>We are located in the heart of New Cairo and adjacent to the New Capitol.</p>	 <p>We offer comfortable transportation.</p>	 <p>We have a dedicated English language learning center with AMIDEAST.</p>	 <p>We have safe, comfortable, state-of-the-art facilities and buildings on campus.</p>
 <p>We have a lively campus with lots of vibrant student activities.</p>	 <p>We have impressive athletic courts and stadiums on campus.</p>	 <p>We have access to local and international markets</p>	

- During the academic year, 2022-2023 BUC Badr University in Cairo organized and hosted several conferences and scientific days and invited students and academics from inside and outside the university. Also, invited several distinguished academic figures.
- In the academic year 2022-2023 Partnerships and collaboration between BUC and multiple global organizations is rapidly growing to improve the quality of education and research offered at BUC.

- By the academic year 2022-2023 As a result of Russian Russian-Ukrainian war and the instability of the security situation in Sudan, Citizens were forced to seek refuge in Egypt.

- Also, Some Egyptian students were enrolled and studying in Russian / Ukrainian / Sudan universities, and as a result of the war they came back to Egypt and discontinued their studies. So, BUC is concerned about the situation and open admission for Egyptian students coming back from Russian / Ukrainian / Sudan universities and refugee students from Russia, Ukraine, and Sudan. As well, BUC- school of medicine received around 220 students from Russia, Ukraine, and Sudan.

- Vocational learning: In order to meet the labour market and decrease the gap of nursing shortage in the community The School of Nursing is in the process of initiating a vocational program for those with postgraduate non-nursing qualifications to provide them with a certificate to practice the nursing profession and get a nursing license after spending two years of massive nursing education and training.

- BUC recently integrate, entered, and use novel technologies in education and curriculum. As school of linguistic recently includes artificial intelligence in a lot of courses and curriculum

- Institute Of Professional Development And Continuing Education (IPDCE): (IPDCE) offers a lot of courses for all students, otherwise those studying or not studying/graduated from BUC.

- BUC Schools have many programs in Virtual and Physical mobility /exchange of students and academic staff: School of linguistics and Translation, school of veterinary, school of applied, school of engineering and school of applied art.

- BUC GETS AIAAsc “American International Accreditation Association Of Schools And Colleges”. Many BUC schools get national accreditation (NAQAA) and seeks for international accreditation.

- Some BUC students and academic staff get international award and share in competition, conferences, and festival outside the campus
